

Olivehurst Public Utility District

Agenda Item Staff Report

Meeting Date: April 16th, 2026

Item description/summary: Water Dept Used Crane Truck Purchase

The water dept would like to purchase a used crane truck rather than retrofitting a current OPUD vehicle. OPUD went out to bid to modify a current vehicle by adding a crane to it. The cost was more than it is to purchase a used crane truck with low miles. A 2011 Ford F-550 with only 58,000 original miles that is already outfitted with a crane for the purchase price of \$35,999 plus tax. A new crane truck is \$172,997. The amount to retrofit a current OPUD vehicle was more than \$43,000.00

Fiscal Analysis:

Committee Recommends approval

Sample Motion/Staff Recommendation:

Consider approving the purchase of a used crane truck not to exceed \$45,000.00

Prepared by:

Bri Anne Ritchie, Board Clerk
