Agenda Item Staff Report

Meeting Date: 01/20/2022

Item description/summary:

Consider approving Exhibit A for resolution 2272, allow for increase of permit fee from \$100 to \$600

On 1/06/2022, Bobby and I met with Aquametrics and they notified that they're no longer giving certificates for MXU's beginning in 2022. Currently developers are having difficult time accessing MXU's and we can't final homes until developer present MXUs to OPUD. For consistency with meter and MXU installation going forward within the District, OPUD will buy meters and MXU's and install them at the homes during the final and the cost of doing so will be covered in the permit fees.
