Agenda Item Staff Report

Meeting Date: January 20, 2022

Item description/summary:

OPUD Prop 218 Study Update. This item has been discussed in committees and Board meetings. We have started the process with the consultant. The consultant's schedule indicates that they should have items for the Board's review and consideration by the March regular Board meeting. As far as the inflation riser for the last prop 218 we feel that we would be better served by folding in the inflation to the current study. We will also ask the consultant to add the same inflationary risers to the new study and subsequent prop 218 process.
