

# Olivehurst Public Utility District

## Agenda Item Staff Report

Meeting Date: 09/17/2020

### Item description/summary:

***Discuss possible project locations for the Per Capita Grant.***

As discussed in committees, OPUD received a Per Capita Grant in the amount of \$177,952. During committee, possible project locations for use of this money included Tahiti Village Park(s), Lindhurst Memorial Park, and Johnson Park. Tahiti Village would be a great location, but the amount awarded wouldn't be enough to do much in the empty site. Since I will be putting together a grant application for the Tahiti Village Parks as part of the Statewide Park Program (Prop 68), I would suggest waiting until we have a decision letter before moving forward with plans for Tahiti under the Per Capita Grant. Should we receive Prop 68 money for Tahiti, we could spread the Per Capita Grant to multiple park locations, either replacing existing amenities or adding new ones.

### Fiscal Analysis:

There is a match required for the Per Capita grant. If the full amount allocated to us is used, we would be required to give a match of \$44,488

### Employee Feedback

Positive

### Sample Motion:

Discussion only

Prepared by:

Christopher Oliver, Public Works Engineer
