General Manager Report on Activities for January/February 2026

February 26, 2026

Building Permits	We have had 17 in Plumas Lake and 1 in Olivehurst since the beginning of January.
Sports, Entertainment and Industrial Infrastructure	The $75M grant has moved to the contracts group and we should have a contract to consider soon. YWA is working on the binding funding agreement. We should hear something on the EDA grants of roughly $3M to $5M each in the next couple weeks. Contract 2 for OPUD is out for bid. We are not sure how the YWA penstock failure will affect the project.
Fire Dept.	LAFCO approved the MSR with our changes and tabled the SOI portion for another meeting date. They have selected a consultant to help with SOI determination.
Ad-Hoc Committees	Currently we have the following ad-hocs: audit, and South County infrastructure, South County Infrastructure Funding and County liaison.
IRWMP Grants	The steel main project 2nd phase is complete
Well 35	Well 35 and additional filter project will start in early March.
Parks Master Plan	Verbal status at committee
Wastewater and Water Capacity Fee Updates	Verbal status at committee
OPUD Pool	We will start looking at hiring and getting the pool ready for this season.
Lifts Station 14 Odor Issue	The block wall is completed and that will complete the project. So far, no odor complaints.
Youth Center	We will continue to discuss options at the March committee

Project	Progress This Period
