

OLIVEHURST PUBLIC UTILITY DISTRICT

RESOLUTION NO. 2249

RESOLUTION SUPPORTING USE OF IRRIGATION WELLS IN PARKS

WHEREAS, the Olivehurst Public Utility District (the District) is in the process of adopting an Urban Water Management Plan (UWMP) entailing policies, objectives and strategies in the management of water resources; and

WHEREAS, diversification and operational flexibility are valuable tools in managing water resources; and

WHEREAS, the amount of available treated drinking water is limited in certain portions of the District's service area; and

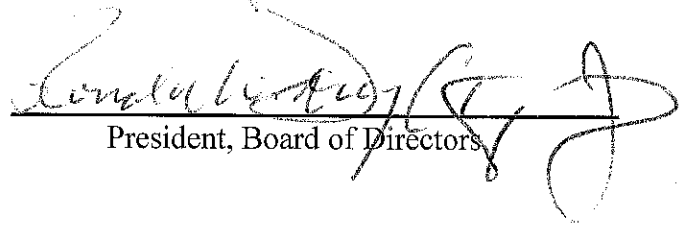

WHEREAS, building new parks with irrigation wells in place of using treated drinking water, and converting existing parks to irrigation from designated wells enables the District to more effectively manage water resources; and

WHEREAS, new and converted park irrigation systems facilitate a more seamless transition to irrigation via recycled water and/or surface water infrastructure.

NOW, THEREFORE, BE IT RESOLVED that the Olivehurst Public Utility District Board of Directors supports the conversion of park irrigation away from use of treated drinking water, and further supports designing new parks with irrigation systems other than treated drinking water irrigation.

PASSED AND ADOPTED this 20th day of October 2011.

OLIVEHURST PUBLIC UTILITY DISTRICT

President, Board of Directors

ATTEST:

Deputy Clerk & ex-officio Secretary

APPROVED AS TO FORM AND LEGAL
SUFFICIENCY

Jeff Meith, Legal Counsel
