

Olivehurst Public Utility District

Committee Staff Report

Meeting Date: January 25, 2024

Item description/summary:

FR Fire Recovery: After further reviewing Fire Recovery's program, I cannot recommend moving forward. I fear the program would cause great confusion to our community members. I do not want any of our community member to stop and think if they can afford to call 911 or not. I want our community to be able to call 911 if they need help and not think of any cost in an emergency situation.

Fiscal Analysis:

No cost to the Department

Employee Feedback

Sample Motion:

Prepared by:

Randy York, Fire Chief
