

# Olivehurst Public Utility District

## Agenda Item Staff Report

Meeting Date: 2/19/2026

### Item description/summary:

#### **Surplus of 3 OPUD WWTF Department Trucks, 1 OPUD WWTF Trailer, and 1 OPUD WWTF Department 8" portable pump.**

-The Wastewater Department has purchased and received delivery of new crane truck. As such, there is a 1997 Freightliner FL70 Crane Truck vin# FU6HJAC9UH8Q5557 that is no longer needed.

-The 2006 Jeep Liberty vin# 1J4GL48K96W166648 has a blown head gasket and is being replaced with a Ford Maverick.

-The 2014 Ford F150 vin# 1FTNF1CF9EKD84480 has been out of commission since 2024 and has already been replaced with a Toyota Tacoma.

-The Wastewater Department also does not need the Power Prime 8" pump. It is too big for our needs. We have purchased a 6" pump that will fit our needs and is easier to move around. As such, the 8" pump needs to be disposed of.

-The Wastewater Department also does not need the Kaufman Trailer (30ft). It is too big for our needs. We are in the process of finding a tilt trailer that will be able to haul our Mini Excavator and also have a smaller footprint that will be easier to maneuver around town. As such, the Kaufman Trailer needs to be traded in and/or sold.

With the Boards approval we intend to surplus these 3 vehicles, 1 trailer and 1 portable pump in accordance with OPUD's policies and procedures.

### Fiscal Analysis:

None

### Employee Feedback

None

### Sample Motion:

Move to authorize surplus and disposal of OPUD's Wastewater Department 1997 crane truck, 2006 Jeep Liberty, 2014 Ford F150, Kaufman Trailer (30ft), and 8" portable pump per OPUD policies and procedures.

Prepared by:

Larry Teal, Wastewater Operations Manager
